## PRESIDENT'S MESSAGE

I attended a workshop put on by the Conference of California Historical Societies of which we are a member. I learned some things about creating an umbrella agency that oversees and co-ordinates activities within the area's historical community. I need to do more research on this to see if it is something we might want to consider in the future.

I am working with Grace Rankin our Guest Speaker in May to select slides to show the WTHS members and friends of the Fremont Art Association photo albums.

I was unable due to prior commitments to attend the Washington Township Museum of Local History Potluck on May 20, since that is the same day that the Shinn House is open and I needed to be there to provide docent led tours of the house.

We have gotten approval of the text file for the Bronco Billy Pizza restaurant in Union City, so now we only need the Women's Club building on Parish Avenue and the Church in Union City and we can get our plaques made. Thank you everyone for the hard work you all have done to make this happen.

## Guest Speaker, Grace Rankin on Fremont Art Association

Grace Rankin has been a member of the Fremont Art Association for many years and over those years has held every position on the board. Grace is the current Historian for the Fremont Art Association. She will bring stories of her own painting experiences and also those of the Association. We will be showing slides from some of their historical photo albums. Grace worked as a Registered Nurse at Washington Hospital on a part-time basis for nearly 20 years, then Grace and her husband bought a 7-11 convenience store and ran that for many years and finally retired and travelled all over the country in their motor home visiting large and small town art museums.

## PRIMARY ELECTION INFORMATION

Alameda County and the State of California is striving to get 70% of voters to get their election ballots by mail. In the past this meant spending sometimes more than a \$1 to mail them back to Oakland. In this June 5, 2018 election you have the opportunity to drop off your election ballots any time before the closing of the polls on June 5 at 8 PM at the following locations:

Fremont City Hall, 3300 Capitol Avenue, between city hall building A and B.

Newark residents can drop off their election ballot at Newark City Hall 37101 Newark Boulevard outside the main entrance.

Union City residents can drop off their election ballot at the Union City, City Hall 34909 Alvarado-Niles Boulevard.

Election Ballots can also be dropped off at any Polling booth on June 5, 2018, before 8 PM when the polls close.

The advantage to dropping them off early is that they will be counted before election day and reported as soon as the polls close. If you drop them off at a polling booth they may not get counted for up to 28 days.

For those of you who have not yet chosen to Vote by Mail, I strongly suggest that you do so before the General Election in November.

The primary election this year may be a little confusing in that if you are registered to vote you can vote for any candidate, from any party, for state office and the two candidates who get the most votes will compete in the November election even if they are from the same party. That is unless one candidate gets more than 50% of the votes cast, which would result in that person being elected to the position without being on the ballot in November.

The Washington Township Museum of Local History has set up several walking tours. All tours are free to the public but a \$5 donation is suggested.

**Saturday, June 16, Irvington 11 AM,** Meet at the Irvington Monument at Five Corners in Fremont. Tour will be led by Caroline Harris.
